2021 - Covid-19 safety measurements on board PEARL SEAWAYS

Dear friends,

It is a pleasure to finally see a controlled opening of the world post Covid-19 and how the authorities and public have learned how to cope with precautions and restrictions while maintaining meaningful lives. It is a new reality that have also an impact on the maritime transport industry and we have all gained a lot of valuable knowledge that is worth sharing and implementing in our industry.

Here at Shippax we have continuously been working intensively together with DFDS to come up with measures and solutions to provide an as safe environment as possible at this year's conference. Shippax and DFDS both share the idea of finding solutions to problems so that life can go on as much as possible within the limits and restrictions. That's how our industry will survive!

So please find here below the safety measures we will have during the conference on board PEARL SEAWAYS:

- First of all it is worth noting that our delegates will represent only about 25% of the capacity PEARL SEAWAYS was built for, so there is an abundance of space to respect social distancing.
- Secondly, we expect all delegates to be healthy. Should you experience any symptoms that could potentially be linked to Covid-19 or in case you don't feel well or hesitate about your health condition, please send a colleague instead.
- On top of all the hand disinfection dispensers placed all over the ship, all delegates will be handed a personal bottle of hand disinfectant and a number of mouth masks to be worn where social distance might be limited.
- Please note that the air on board is fresh air, the air not being recycled.
- DFDS's cleaning protocols have been enhanced sharply, including frequent disinfection and cleaning of the entire ship.
- We have significantly increased the areas and number of rooms we occupy for the conference sessions, the exhibition and for the meals, exceeding the recommendations for social distancing.
- To enhance and add further safety initiatives during boarding, all delegates will need to present a Coronapass, Vaccination certificate or Covid-19 test, not older than 72 hours old before embarking the ship.
- As we speak, we will continue following the official guidelines, restrictions and recommendations and will roll out any required activity to secure a safe conference.

We are very much looking forward to meeting you all in a couple of months' time!

All the best,

The Shippax team and DFDS
