

SHIPPAX

FERRY CONFERENCE 18

Main sponsor:

The 16th annual onboard ferry conference • April 18 - 20, 2018 on COLOR MAGIC • Oslo - Kiel - Oslo

Dear Shippax Friends,

The 16th annual onboard ferry conference with its proven successful concept with respected speakers, debates and the best possible networking continues. For 2018, we are enhancing the concept even further with the addition of keynote speakers, also from outside the ferry industry. There will be insights and analyses from experts as well as interesting facts and news that will be presented from our unique statistical database and information sources.

Another novelty is that we will have several moderators with Philippe Holthof, Shippax Senior Advisor and Editor-in-Chief, taking up the role of lead moderator. Philippe, industry expert and Shippax Senior Advisor & Editor-in-Chief is a regular speaker and moderator at events and conferences. A member of the DNV GL Ferry Committee, he will also speak and moderate at this year's Interferry conference in October.

To meet and discuss in combination with having a memorable and enjoyable time together with friends and colleagues in the industry is what the Shippax Ferry Conference is all about, while being onboard a ferry ensures a familiar and close connection between all delegates. Educational and fun!

We are hereby proud to announce that the Shippax Ferry Conference, 2018, will take place onboard:

Color Line's COLOR MAGIC, sailing between Oslo - Kiel - Oslo, April 18-20, 2018

The Shippax Ferry Conference concept
